## DATCP Online Services

### Bulk Milk Weigher and Sampler, Bulk Milk Tanker License Information

This website offers access to license and inspection information for all persons holding an active Bulk Milk Weigher and Sampler license. Active Cheesemakers or Buttermakers will only appear on this list if they have a Bulk Milk Weigher and Sampler inspection.

If the bulk milk weigher and sampler licensee you are looking for is not on this list, that person may not hold a current license with the department. Please call (608) 224-4720.

This website also offers license and inspection information for Bulk Milk Tankers. If the bulk milk tanker owner you are looking for is not on the list, please call (608) 224-4720.

You can use one of the following options to find the information that you are looking for. Click on the link to go to the page.
